

ENVIRONMENTAL APPROVALS

CAPABILITY BROCHURE

When undertaking a new development or project, it is likely that local, state, or federal environmental planning legislation will apply.

Enveng Group specialises in navigating these regulations for infrastructure, mining and development projects through:

- Securing development consent and project approvals.
- Conducting environmental assessments.
- Document preparation for submission to regulatory agencies.
- Stakeholder and regulator engagement.

Our goal is to support a successful approvals strategy, with the right documentation and background assessments.

Enveng Group is experienced in and can assist with the following specific Australian regulatory approvals:

Federal

- *Environmental Protection and Biodiversity Conservation Act 1999* (EPBC Act) referral of Actions.
- EPBC Impact Assessment.

State

- Part IV *Environmental Protection Act 1986* (EP Act) Referrals and Assessments
- Part V *Environmental Protection Act 1986* (EP Act) Approvals (Works Approval, Environmental Licenses, Native Vegetation Clearing Permits and referrals).
- *Environmental Protection (Clearing of Native Vegetation) Regulations 2004*.
- *Rights in Water and Irrigation Act 1914* Approvals (Groundwater Licence Applications, Bed and Bank Permits).
- *Mining Act 1978* Approvals (Mining Proposals, Programs of Work - Exploration).
